WHY CHOOSE US

- ↪ **End-to-End Degree Program Management**
Manage the complete academic lifecycle seamlessly from admissions to alumni.
- ↪ **No-Cost migration & Rapid Onboarding**
Easily migrate your existing data and get started quickly, with zero migration costs.
- ↪ **NAAC & UGC-Ready Curriculum Builder**
Design compliant, accreditation-ready curricula effortlessly with Pegado's builder.
- ↪ **Real-Time Dashboards for Students & Admins**
Track academic progress and administration in real-time with intuitive dashboards.
- ↪ **Secure, Role-Based Access Control**
Ensure data privacy and security with customizable, role-based user access.
- ↪ **Instant Certificate & Degree Issuance**
Generate and deliver verified certificates and degrees instantly with one click.

**EMPOWERING
LEARNING,
ELEVATING
FUTURES!**

PEGADO – MODULES

 **Academics Module** – Easily manage certificate, UG, and PG programs with streamlined course creation, syllabus management, and credit tracking.

 **Admission Management** – Digitize admissions with automated forms, exams, merit lists, and fee collection—all in one workflow.

 **Fee Management** – Simplify finances with online payments, installments, scholarships, payroll, and automated budget tracking.

 **User Profile Management** – Secure role-based access with personalized dashboards and seamless onboarding for students, faculty, and admins.

 **Curriculum Management** – Build flexible academic structures with course mapping, electives, and multi-disciplinary credits—future-ready and compliant.

 **Time Table Management** – Auto-generate timetables, room allotments, and faculty assignments for conflict-free, optimized scheduling.

 **Attendance Management & SMS Integration** – Track student engagement with attendance from LMS, live classes, and tutorials.

 **Learning Management System (LMS)** – Empower students with a digital learning space featuring lectures, notes, forums, quizzes, and real-time assessments.

 **Online Exam Module [MCQ]** – Offer secure, invigilated MCQs with auto-evaluation, scheduling, and real-time results.

 **Online Exam Module [Descriptive]** – Conduct descriptive exams with remote proctoring, AI-assisted evaluation, and instant results—secure, flexible, and scalable.

 **Onscreen Digital Evaluation** – Go paperless with online answer script evaluation, faster results, and reduced faculty workload.

 **Certificate Management** – Automate certificate issuance from provisional to migration, with instant, verified digital credentials.

 **Grievance Redressal & Feedback System** – Offer an open platform for students and faculty to voice concerns, track resolutions, and improve academic services.

 **Alumni Management** – Keep alumni connected through events, mentoring, and fundraising to build a strong network and legacy.

 **Digital Library** – Access e-books, journals, and research papers, fully integrated with KOHA for digital borrowing.

 **Question Bank & Question Paper Management** – Automate question papers and AI-driven assessments with randomization and difficulty settings.

Pegado

Let's Build the Future Together!

Pegado is your digital campus partner, helping institutions deliver accredited, efficient, and engaging online degrees from application to graduation.
